Surviving and thriving in Secondary School....

LEARNING TO LEARN 2018

For Boys and Girls Entering Grade 8 in Fall 2018

This popular course focuses on preparing students for a comfortable and successful transition from elementary to secondary school. Students will have fun finding their way around the school building and following a grade 8 timetable. Students will be taught skills and strategies such as organization (notebooks, locker, homework), methods of study (study guides, reading, note-taking), and test writing (preparation, prediction, stress reduction). Students are requested to bring a duotang or binder, pen, and pencil on the first day of class. Delta teachers, Marion Marks and Debi Munkhamheuang, present this valuable course for students entering secondary school for the first time.

Early registration is strongly recommended. It is most beneficial to select the location where the student will be attending high school.

South Delta Secondary (Tsawwassen)
YA026 Tuesday to Friday, 8:30 - 11:00 am
4 sessions July 3 to 6 Fee: \$90
