May 10- Regional Track Meet

May 17- 7:00 PM PAC Meeting

May 20- No School for Students

May 23- Holiday, No School for Students

Term Three

We hope you all had a wonderful Spring Break and that the kids are ready for a busy third term. We really appreciate how accepting everyone has been with people's different choices for wearing masks or not. It's an important part of our school environment for everyone to feel accepted and comfortable.

We expect, on April 7th for there to be a Public Health announcement, which will potentially be lifting capacity limits for indoor spaces. This could mean changes for our school, and the rest of the year's activities planned. Stay tuned for more details in my weekly emails and our next Newsletter!

Tsawwassen First Nations Treaty Day, April 3rd

On Sunday, April 3, Tsawwassen First Nation (TFN) celebrate Treaty Day. This is the 13th anniversary of the TFN Treaty, the first urban treaty in British Columbia. This treaty restored land ownership and self-government jurisdiction to the Tsawwassen people after many years of negotiation. You can read about the treaty process on the TFN website under the [Timeline of History](#) both Pre & Post-Treaty.

We also encourage you to read the newly released [Declaration on the rights of Indigenous Peoples Act](#).

Within the 89 actions listed in this plan, there are a number specific to the district's continued work.

Throughout Delta, classes will be participating in the weekly Land Acknowledgement, including our school. This weekly event is led by the amazing Cultural Educator, Nathan Wilson.

Green Team

Our amazing Green Team has big plans for the last term of the school year!

We'll be making birdhouses for the displaced Northern Flickers. We're working with Delta Parks & Rec to find the right places to mount the houses in Annieville Park.

In honour of Earth Day on April 22nd, we'll be running a small appliance recycling program called, Electro-Recycling. More information will be coming soon.

We'll also be doing something special for Earth Day, which will all be led by our Green Team!

Finally, we'll be running two more Walk, Bike, Scooter to School Weeks. One will be next week, April 11-14th. Green Team members will be around our School Zone keeping track of all the students who walk to school. The class with the most students participating will win an Ice Cream Sundae party for their class! Families, it's easy for everyone to participate! You just have to park outside of the School Zone!

Track & Field

Intermediate students are gearing up for the Regional Track Meet on May 10th. A schedule giving every student a chance to learn skills for performing in the various events has been set with typically three practice times per week. It's important that the students come prepared to run, and get physical every day, as the scheduled times varies. Your help with this will ensure students are the most successful they can be!

The Regional meet will be at North Delta Secondary and all of our students will be able to participate. The top two-three students in every event will be able to compete at the District Track meet, held in Tsawwassen at South Delta Secondary on May 19th.

Delta's Vision 2030

Throughout this week we will be helping our students start thinking about what it could mean to bring the Vision 2030 to life.

Based on the six values, we'll be making daily announcements. We'll also be participating in a fun contest that the District is running through social media. You can watch our Anniville Twitter account to see the pictures that we post with one of the six values hash-tagged.

Families could also participate on Facebook, Twitter or Instagram by posting a picture that represents one of the values or one of the ten elements in the middle. If you do participate, don't forget to use the hashtag #Vision2030 and include @deltasd37!
